

What is DURABLE MEDICAL EQUIPMENT?

Durable Medical Equipment (DME) is any medical equipment used in the home to aid in a better quality of living.

Examples

- Hospital Beds
- Walkers
- Canes
- Blood Glucose Monitors
- Wheelchairs
- Power Scooters
- Commode Chairs
- Sleep Apnea Equipment

Benmax Health Services - DME

DME is vital to patient care by providing durable medical equipment, complex rehab equipment and respiratory services.

We offer a wide range of home and durable medical equipment to help improve your quality of life.

We will assist providers and patients in choosing the best home health care products for each situation and then make arrangements for delivery and set-up by trained service technicians.
